January 2012

Dear Parents,

Welcome to the 2012-2013 school year at the JCC of North and South Brunswick Nursery School. Established in 1975, our state-licensed, nursery school believes that a high quality Jewish Early Childhood program creates a safe and nurturing school community for young children that fosters life-long learning and emotional well-being. We are committed to promoting each child's cognitive, physical, social, and emotional development. Our population is non-sectarian we recognize and respect that each child brings to school a unique rate of development, a desire to learn with diverse languages and cultural experiences.

The Early Childhood program strives to empower parents to become partners in the education of their children. The major determinants of program quality are:

- The appropriate application of well-researched and proven child development practices that recognize play as the natural way through which children learn.
- An integrated curriculum that provides opportunities for children to be successful by constructing their own knowledge through meaningful interactions with adults, other children and materials.
- Activities that are relevant and engage children with hands-on experiences that encourage progression along the developmental continuum from dependence to independence.
- Opportunities for purposeful and imaginative-creative play in a language and literacy rich environment.
- A balanced daily program of child-initiated and adult-directed activities, including individual, small and large group activities that develop kindergarten readiness skills.
- The recognition that parental involvement is vital for the educational success of children.

We will maintain open communication between parents and our staff and encourage you to contact the teachers with any questions or concerns you may have. Feel free to contact me by email or phone or meet with me at any time. Parent-Teacher conferences are scheduled two times during the school year but you may set up additional time with your child's teacher should you need it. We will be emailing a weekly newsletter from your child's teacher keeping you up to date with what the children have been doing, and a monthly school online newsletter relating things to come.

We welcome you and your child to our nursery school family and look forward to another exciting school year.

Sincerely,

Phyllis G. Denenberg
